RT Minibus, Plus River Tour

This option alters the arrival to be via our River dock which is in the center of Panama's interior mountains, about 4 hours drive from Panama City. The river tour is then 2 hours, and is amazingly lovely, with innumerable birds and wildlife. The return transport is via our Ocean transport via Miguel de la Borda.

Full Panama Tour

This option includes airport pickup and dropoff, the first and last nights in a lovely remodeled historic hotel in Casco Viejo, the River tour for arrival and the Ocean tour for return. It gives a wonderful insight into a variety of Panama's landscapes, interior and off-grid villages, and both fresh and salt water vistas.

Helicopter Splurge

This option includes airport pickup and dropoff, the first and last nights in a lovely remodeled historic hotel in Casco Viejo, a 45 minute helicopter tour from the Pacific coast, along the Panama Canal, and across the Caribbean coast to land directly at Camaroncito's registered helicopter landing pad. It is a serious investment, and is also a Lifetime Experience that will certainly check off multiple items from your bucket list all at once. The return is via our Ocean transport and two hour minibus.
